The Standard, Raised

Elevate the guest experience with the brilliant new LRS CS6 Guest or Patient Pagers.

Complete System just £399.00 + VAT.

The trusted guest or patient pager, completely re-imagined, gives you more control. We invite you to be amongst the first to experience our new CS6 pager design.

Reinvented

The cleaner design is more durable, sleek, and reliable. Your customers or patients will love the bold new look.

Intelligent

The Device that has incredible technical features that change the way customer or patient paging works forever - not on any other brand of customer or patient pager - and a battery at least twice the size of any competitor making our CS6 last considerably longer before a recharge is needed.

Adaptable

You have the power to program it yourself. Set pager numbers easily, and integrate it with crucial operational solutions.

Yours

Light up your creativity with high brightness LED lights. Coupled with your brand, you can truly make this pager your own.

Suitable for all types of recall use including customer, guest or patient recall. This system has a typical range of up to 1/4 mile in open air and is suitable for most small to medium sized sites for coverage.

Make all queues a thing of the past - control them now and make queues invisible with this incredible new technology only from LRS.

The new CS6 Guest or Patient Pager Series offers the same space-saving stack charging as its predecessor.

TAKE THE NEXT STEP.
